| AGE OF THE VINES | 65 years           |
| SURFACE          | 0,07 ha            |
| SOIL TYPE        | Silty, clay, sandy |

*Cultivation method*

Low vines, high planting density (10,000 feet/ha)

*Vinification*

Vinification with cold pre-fermentation maceration, pigeages at the beginning of fermentation and gentle reassembly to release tannins and phenolic compounds for 15 days.

This wine is aged 12 months in oak barrels with 30% new barrels.

*The mark of time*

since 1865

*Guided by light and natural cycles,  
we cultivate our vines in harmony with the rhythms of time.  
Each gesture is attuned to the seasons, the soils, and the unique  
exposures of our parcels, revealing the true character of every  
terroir. Since 2008, our 12 hectares of vines have been farmed  
according to the principles of organic viticulture.*
